

"FIGHTING DICK" WINS IN THE 41ST GREATEST FIGHT IN MODERN HISTORY OF RING

ELKS ALLOWED BUT ONE DAY FOR INITIATION

CONSTITUTION PERMITS OF BUT ONE INITIATORY SERVICE IN ONE WEEK.

The Elks of this city will not extend their initiatory services over one day. It has been ascertained that the constitution of the order will not permit of more than one initiatory service in any one week. Therefore, instead of the antlered bunch holding forth in this city on the evenings of the 28th and 29th instant, there will be but one night devoted to the introduction of the novitiates into the mysteries of the order. Tuesday, the 29th, has been selected as the date for the ceremonies.

A special train will arrive in Tonopah Tuesday evening having on board twenty candidates to receive the initiation and a number of members of the order from Goldfield and other places.

Immediately following the arrival of the train in this city, there will be a gigantic parade through the principal streets, which will be ablaze with electric lights. The candidates will hail from Pioche and Caliente. On the Tuesday of the week following about twenty more candidates will arrive in this city from Las Vegas and that section to tackle the goat.

TRAIN PLUGGES INTO RAVINE KILLS THREE

THREE MEN JUMP AND ARE SAVED FROM A TERRIBLE DEATH.

EUREKA, June 26.—Charles Pine, a donkey fireman, and Charles Breeding, a donkey engineer, and Ador and Joseph Christini, brothers, employed as woodmen, were killed this afternoon when a logging train of engine, tender and three cars all heavily loaded, left the rails on a sharp curve at the bottom of an 1800-foot incline and plunged into the ravine. Conductor Clarence Martin, Engineer Frank Skinner and General Manager Thomas Atkinson jumped from the cab and escaped injury, although the train was running down grade at a terrific rate. The accident was due to a slippery condition of the rails caused by a heavy fog. The place where the engine left the rails is 150 feet from the Eel river.

MANHATTAN MAN ARRIVES WITH A BIG NUGGET

BRINGS WITH HIM THE LARGE NUGGET FROM THE GIFFEN LEASE.

Charles Evans of Manhattan was an arrival in Tonopah yesterday from Manhattan on his way to Ellendale. Mr. Evans brought with him the large nugget found on the Giffen lease on the Verde claim in the Manhattan district. The beautiful specimen weighs nearly one pound, and attracted no end of attention.

Mr. Evans stated that he was under bond to Mr. Giffen for the safe return of the nugget. He intends to take it to Goldfield after his return from Ellendale, which will be probably today.

Many who saw the handsome nugget stated that it is too bad that the same is not sent to the Alaska-Yukon exposition in charge of Mr. Giffen or some reputable person. Its presence there would have the effect of attracting to this section no end of attention. There are at Seattle any number of placer mining men from the frozen north and it is safe to say that the Manhattan nugget would appeal strongly to them with the effect that capital would be attracted hither.

NEW YORK, June 26.—The Standard Oil company announced a reduction in the price of oil of 10 cents per 100 gallons, making refined in cases \$6.80; refined in tanks, \$4.90; standard white, \$5.40; and refined at Philadelphia, \$5.25.

PROBABLY NO FIGHT ON THE FOURTH OF JULY

It is hardly probable that Bobbie Lundy and Kid Krantz will come together in the ring in this city on the Fourth of July. The fact that a license of \$1000 is demanded will in all likelihood prevent the fight fans from enjoying an hour or so of fist-cuffs. The fight would have been a big attraction and would have brought many people to the city who would not otherwise have come. It was proposed to devote the proceeds of the mill, after deducting sufficient money to meet the expenses attached thereto, to charity, consequently some worthy cause is deprived of a snug sum for the fight would have undoubtedly attracted a large crowd.

REFUSES LARGE OFFER FOR REAL ESTATE AT ELLENDALE

Clarence Whitman, one of the best known chefs in southern Nevada, yesterday refused a handsome offer for his realty holdings in the new camp of Ellendale. Mr. Whitman was one of the first to get in on Ellendale lots and since that time has had a number of offers made to him for the ground in his possession. However, his confidence in the new camp has caused him to turn a deaf ear to all overtures. Yesterday's offer was in an amount representing a profit of nearly 250 per cent upon his investment, but he concluded to await further developments at Ellendale before parting with his holdings there.

STRIKE TO BE CALLED TODAY AT PITTSBURG

(By Associated Press.)

PITTSBURG, June 26.—Three thousand men, representing 85 per cent of the working force of the Pittsburgh railway will go out on a strike at 5 o'clock tomorrow (Sunday) morning. Grievances of the men include the charge of discrimination against union men. The union men claim that the company violated an agreement signed last April.

Active preparations for the relief of the 600,000 residents of greater Pittsburgh from the strike conditions are under way. Railroad officials tonight arranged for a special train service with Suburban Pittsburgh to be installed Sunday morning.

It is reported tonight that strike-breaker Farley of New York has been communicated with by the railway officials and is expected by Monday with at least 300 strikebreakers to be housed in barns by the railway company.

MINE INSPECTOR MAKES AN OFFICIAL SIGNAL CODE

In compliance with a statutory requirement of State Mine Inspector E. E. Stuart has compiled a code of mine signals for general use throughout the state of Nevada. There are some slight changes from the codes generally in use up to June 1st, and therefore the new official code will be of interest to mining men throughout the state. The new code is as follows:

When the men are to be hoisted or lowered, give the signal "Men on," (three bells). Men must then get on bucket or cage, then give signal to hoist or lower (one or two bells).

Signals to meet local demands and not in conflict with the above may be added by individual operators, but the same must be posted in clear and legible form in connection with the above code.

Cross, the Dentist Pug, Displays Gameness That Is Literally Superhuman

(Associated Press.)

SAN FRANCISCO, June 26.—"Fighting Dick" Hyland knocked out Leach Cross of New York in the forty-first round of a scheduled 45-round battle at the Colma arena this afternoon. The fight was one of the most sensational in modern ring history, and was characterized by the most wonderful gameness and recuperative powers of the New York pugilist dentist. He was floored fully fifteen times during the contest. After the twenty-first round he fought practically on the defensive only. This was Cross's initial battle on California soil and the first time he ever fought over ten rounds. His cleverness in the earlier rounds gave him considerable advantage, and it looked for a time as if he would outpoint and outbox his antagonist, and pave the way to eventual victory. The easterner received the first flooring in the twelfth. From the twelfth to the twenty-fifth the tide of battle ebbed and flowed. In the twenty-sixth Cross was sent down for the count of nine. Insofar as Cross was concerned, this round marked the beginning of the end. Hyland, his indomitable fighting spirit in no way impaired, thereafter gave the New Yorker no mercy. In round after round the gong saved Cross after he had been terribly punished. Cross displayed a gameness that was literally superhuman.

In the fortieth round Cross was sent to the floor for the count of nine on three separate occasions. Hyland, although weakened considerably from extraordinary efforts on his part, sent Cross through the ropes into the laps of the newspapermen in the forty-first and final round. Cross was pushed back into the ring only to be sent to the carpet once again for the count of nine. As he arose Hyland sent in a hard right to the stomach which crumpled Cross up like a leaf.

WOODILL Woman Was Killed for Her Money by EASTMAN HER JEWELS PAWNED BY MAN ANSWERING HIS DESCRIPTION

(Associated Press.)

ST. MICHAELS (Md.), June 26.—Telltale shafts of light continue to filter upon the tragedy of the lonely bungalow of Broad Creek. The tangled skein of the story tends more and more to dissipate the claim advanced by Robert Eastman that it was a woman and not he that killed Edith May Woodill. The jewels worn by the woman at the time of her disappearance were found in a pawnshop in Baltimore today where they were placed Thursday by a man answering the description of Eastman. The man secured \$200 on two diamond rings and an oriental pearl brooch. Two hundred dollars which the woman had in her possession when she left her foster father's home is missing. It is known that Eastman repaid a loan of \$200 last week, and when he returned from Baltimore Tuesday he seemed to be plentifully supplied with money. For a time today there promised to be a fight for the legal custody of Eastman's body. A. S. Rosenthal, a New York attorney who represented Eastman when he was charged with grand larceny, and who secured for him bail, which was forfeited by flight, arrived on the scene, acting for Mrs. Ida Ecstein of New York, who demanded custody of the body in order that she might make delivery in New York to the authorities by whom a reward of \$1500 was offered. The local authorities declined to give up the body. It was announced tonight that the authorities will tomorrow dig up the ground near the bungalow to investigate a strange odor which became more and more apparent. Eastman's body will be buried tomorrow. Mrs. Eastman arrived from Easton, ten miles from here, tonight. She did not attempt to come over to St. Michaels.

In the women's national single's championship she defeated Mrs. Barger of Wallach, New York. She and Miss Rotch of Boston won the women's doubles championship and in partnership with Wallace Johnson, took the mixed doubles. This is a record equalled not even by Miss Sutton, another English, at the National Athletic club tonight.

RALPH ROSE DOES WONDERFUL STUNT

(By Associated Press.)

HEALDSBURG, June 26.—Two world's records were broken by Ralph Rose, the champion shot putter of the world, at the water carnival held here today. The feature of the carnival was the field day between the local high school and the fire department. Rose competed with the firemen. He put the sixteen-pound shot 54 feet 4 inches, his own previous record being 49 feet 10 1/2 inches. He threw the sixteen-pound hammer 178 feet 5 inches, the former record held by John Flanagan being 174 feet 10 inches.

The maximum temperature was 90 degrees at 4 o'clock this afternoon. During the five days New York has been in the grip of the heat wave the death list totals nearly 100.

BIG TRAVEL TO THE NEW CAMP OF ELLENDALE

Yesterday was the red letter day for the automobiles plying between this camp and Ellendale. The cars were busy all day carrying people to the new district. At the present rate of travel the population of the new camp must be increasing at a rapid rate. W. C. Harding of the Thomas Flyer line furnishes the following names of travelers who yesterday purchased tickets for Ellendale: W. E. Gleason, B. Landers, I. E. Strohnider, G. Strohnider, J. Colelet, G. R. Wiggie, T. Livingston, S. C. Stratton, Oney Dougherty, W. S. Dougherty, F. Grubbe, Sam Mecovich, O. M. Charich, M. Matovich, Pete Beko.

BAR ASSOCIATION WILL MEET MONDAY EVENING

The members of the Tonopah bar association will meet Monday evening. At the meeting it will be decided or not the request for a vacation will be made to the district court. There is much doing in the legal world these times, so much in fact that the attorneys are getting a little more exercise than they can stand. This statement is not to be construed to mean that the field here is inviting for new comers, however. There are plenty of lawyers here to handle all the litigation that is or is likely to be. But when it comes in such bunches a man needs a breathing spell.

JENKS IS GIVEN VERDICT IN FULL AGAINST BANK

JURY AWARDS PLAINTIFF JUDG- MENT FOR THE FULL AMOUNT SUED FOR.

At 4:20 o'clock yesterday afternoon the case of Jenks vs. the Nye and Ormsby County bank went to the jury for determination. At 3:30 o'clock last evening the jury returned a verdict for the plaintiff in the full amount sued for and interest to date, footing up the sum of \$3,404.83.

The case had been before the court for a number of days and was characterized by as spectacular a legal battle as has been seen here in a long time. With P. M. Bowler, Judge Dennis and J. H. Morris handling the case for the plaintiff and Hugh Brown and William Pittman looking after the interests of the bank, there was pitted against one another as able an array of legal talent as there is within the confines of the state.

Mr. Bowler's caustic denunciation of banking conditions that would admit of such a matter reaching the courts was quite the talk of the town yesterday. The reply of Mr. Brown was a masterpiece in word-painting, while the part taken by the others of counsel was noteworthy for its brilliancy. The verdict gives general satisfaction.

SENATORS HAVE STRENOUS DAY WITH TARIFF

VARIOUS IMPLEMENTS OF TRADE COME IN FOR TARIFF ATTENTION.

(By Associated Press.)

WASHINGTON, June 26.—When the senate adjourned this afternoon there was still a number of important rates to be determined. Among the more important questions that received attention were agricultural implements, wood pulp, cash registers, lithographic plates, laces and jute yarns.

Probably the most exciting incident of the day was the vote on Beveridge's amendment, reducing from 30 to 15 per cent ad valorem duty on cash registers. The vote resulted in 31 ayes and 33 noes. Bacon's motion to place agricultural implements on the free list was rejected by a vote of 26 to 45. The amendment offered by Davis, placing lumber on the free list, in face of the protest from Aldrich, was lost by a vote of 18 to 37.

MEXICAN MUST STAND TRIAL FOR MURDER

MEXICAN IS HELD WITHOUT BONDS ON CHARGE OF MUR- DERING PROSPECTORS.

Deputy Sheriff Vail Pittman returned to Tonopah yesterday from Rhyolite having in charge Francisco Olhao, charged with the murder of two prospectors at Leeland, Nevada, some time ago. Olhao is a Mexican and was given a preliminary hearing at Rhyolite. He is held without bonds to answer for the crime. The man is unable to speak the English language. He is small of stature and quite inoffensive looking.

The officials are still searching for the partner of the man now in custody, who is supposed to have had a hand in the affair. Olhao will probably receive his trial at an early date, as the trial jurors of the county have been notified to appear Monday morning in court. There is a number of criminal cases on the calendar of the district court and it is proposed to clean up as many of them as is possible before the court takes its vacation.
